

Discovery - Exploring Big Meadows with ArcView Name _____

Launch ArcView. From the File Menu, choose Open. Select Desktop/ ArcView/ BigMeadows/snp.apr

THEMES

1. Turn on all themes by clicking in the boxes. (Turn some on and off to experiment.)
2. When all themes are checked, *uncheck* the **Bigmeadows.tiff** theme. Can you find the parking lot for the visitor center? Turn that theme back on now. What color marks the spot where the UBU team bus parked?

STREAMS

3. Turn on the Streams.shp theme and make it ACTIVE (button raised).
4. What color is that theme? _____
5. Click on the Identify Tool (I) - and then click on a stream. What is its name? _____

ROADS

6. Turn on the Roads.shp theme and make it ACTIVE (button raised). What color is that theme on the map? _____
7. Click on the Identify Tool (I) - and then click on some roads. What is the name of one of the biggest roads? _____

BIG MEADOWS WETLANDS

8. Turn on the BigMeadows.shp theme and the Wetlands.shp theme and the Big Meadows image.

Check one:

Which one is filled in with a striped pattern? _____ BigMeadows or _____ Wetlands?

Which is smaller? _____ BigMeadows or _____ Wetlands?

Which one seems to have trails in it? _____ BigMeadows or _____ Wetlands?
